

ECE 2531: Analog Electronics I Lab

Must be taken concurrently with ECE 2530. Electronic circuit applications are investigated through laboratory design projects on semi conductor device physics, diodes and BJTs.

Credits: 1

Prerequisites:

ECE 2030

ECE 2031

ECE 2030 :D- and ECE 2031 :D-

Co-Requisites:

ECE 2530

ECE 2530

Program: [Electrical and Computer Engineering](#)
